

# Project Manager Communication & Public Relations (m/f/d) in the European Research Network

ECPE European Center for Power Electronics e.V. is an industry-driven Research Network in the field of Power Electronics with more than 230 member organisations from industry and research institutes. Furthermore, the regional 'Cluster Leistungselektronik' is hosted by ECPE association.

For the ECPE office in Nuremberg we are looking for a Project Manager specialising in Communication & Public Relations (m/f/d) on a full-time basis as of now.

- **Task Description**

- ECPE project management of the EU Project „Creating Higher Education - Industry Programmes for the Semiconductor Industry of Europe” (CHIPS of Europe) in a consortium with 7 universities
- Promotion of young talents and recruitment activities for students
- Technical organisation of specialist events on power electronics (workshops, tutorials)
- Public relations, communication and social media

- **Your Profile**

- You have sound knowledge and experience in the field of public relations, communication and marketing, preferably with a technical background, e.g. as an engineer or in a natural science
- You work in a targeted, well-structured and independent manner with a high degree of self-initiative
- You are characterised by strong communication skills and a confident manner
- You are a team player, reliable and enthusiastic about finding solutions together
- You have very good written and spoken German and English skills

- **We Offer**

- an employment contract in a permanent position of trust
- flexible working (flexitime) in an international environment, mobile working possible to a limited extent
- appropriate remuneration with 30 days' holiday and annual bonus
- a pleasant working atmosphere in a small, friendly team characterised by an open corporate culture
- modern offices in the east of Nuremberg with good public transport connections

Please send your application documents to Thomas Harder (General Manager).
